

Accomplished Front-end developer with nearly 4 years of experience building successful web applications with modern technologies like JavaScript (ES6) and React.

Experience

Jan 2017 - Present

HM Revenue & Customs, Front-end developer

- Building software applications for the Intranet using the Drupal platform which serves 60,000 members of staff.
- Developing a team reporting tool in React to be used by the entire department
- Developed reusable UI components using React for the HR Hub SPA
- Designed and developed front-end for a team knowledge base application using CSS and jQuery
- Revamped UI for image gallery using CSS3, jQuery and PHP
- Jira task management to fix bugs
- Translating design UX mock-ups into feature rich applications
- Regression testing

Jan 2016 – Jan 2017

Freelance Web Developer (part-time)

- Built and deployed high quality responsive websites for various clients using HTML, CSS, Bootstrap and JavaScript
- Developed UI/UX wireframes and mock-ups for small businesses
- Implemented SEO and SEM strategies to improve website visibility

2013-2016

Various roles

- Worked in a variety of part-time and full time roles where I gained a multitude of transferable skills. These included working at companies like Aviva, Tesco, Marks and Spencer, KnowHow and Primark.
-
